

Ready for your next adventure?

It's finally time – your next big trip will be happening very soon. You and your cuddly toy are probably very excited about all the new experiences you'll gain. To make your cuddly toy less nervous, you can create their very own boarding pass today. That way you'll both be fully prepared for the flight.

Simply cut out the card along the dotted line and fold it together in the middle. Then fill it in carefully and your cuddly toy's boarding pass is ready.

If you present it to the crew during your flight, you and your family receive 10 % off* on food and drinks from our Wings Bistro. Enjoy your trip!
